DATE: March 15, 2021

## NEW RESOURCE AB86 (& CA Budget) Planning Tool for LEAs & Expanded Learning Programs

---

In an effort to support collaboration between LEAs and existing ASES, 21st CCLC, and ASSETs funded Expanded Learning programs, LACOE's Expanded Learning Technical Assistance Unit has created an AB86 Planning Tool (<https://www.dropbox.com/s/of2owyhpgd5facb/AB86%20and%20CA%20Budget%20Planning%20Tool%20by%20LACOE%20ELTAU%203-15-21.pdf?dl=0>) to assist with the planning and implementation of activities related to AB86.

The adoption of [Assembly Bill 86](#) on March 5, 2021 recognizes the importance of student learning recovery as a result of the COVID-19 pandemic, as well as the supplemental supports needed by our students.

**It is sensible and highly encouraged that LEAs optimize collaborative efforts with and provide additional funding from AB86 to existing ASES, 21<sup>st</sup> CCLC, and ASSETs funded Expanded Learning programs in an effort to build upon and broaden the reach of programs already in place.** These programs have the infrastructure, experience, and qualified staff to meet the Expanded Learning Opportunities section of AB86 efficiently and effectively. For years now, these Expanded Learning programs have and continue to foster relationships and engagement with students and families, reinforce academic learning, and provide enrichment activities that further support students' social and emotional needs. The inclusion of these programs in the LEA's AB86 planning and implementation will allow these programs to serve the greater student body, beyond the youth currently served.

View this [video](#) to hear from Instructional Administrators about the significant impacts ASES, 21st CCLC, and ASSETs funded Expanded Learning programs have on students and families, as well as their ability to support instructional day goals.

Reach out to your existing ASES, 21<sup>st</sup> CCLC, and ASSETs funded Expanded Learning programs today. They serve as vital resources to support AB86's fast approaching timeline and need to provide quality supplemental supports to students.
