

# Breakfast Connections: Conversation Starters

As you settle in, take a moment to review the guiding questions on this slide. Use them to spark conversation at your table about the topics you are most interested in exploring today. These prompts are starting points, feel free to let the discussion flow toward other priorities or experiences that connect to your work.

Pre-Meeting Activity

8:30 – 9:00 a.m.

## Student Attendance

- How is your Grantee/LEA preparing to collect and submit accurate attendance data for CALPADS reporting?
- What strategies has your program used to recruit and retain students to meet attendance goals?

## Early Release

- Since CDE's 2021 updated guidance, how has your program refined or updated its early release policy?
- How have you addressed the challenges you have encountered in updating and implementing your early release policy?

## Single, Comprehensive Program

- How has your LEA shifted towards operating as a single, comprehensive program?
- Who were the key voice or partners involved in this transition towards a unified program model?

# What We Are Hearing From You

## Some programs are struggling with:

- Early Release Policy and Flexibility
- How to operate a Single, Comprehensive Expanded Learning Program
- Program Operation Requirements vs. Student Participation Requirements
- Facilities Space
- Creating systems for Attendance Reporting Requirements

## Some programs have been able to:

- Update their Early Release Policy
- Start operating a Single, Comprehensive Expanded Learning Program
- Collaborate and calibrate with Site and District Administrators
- Increase quality program offerings and new opportunities for students
- Expand horizons and opportunities for students with their ELO-P apportionment funding

**We Hear You – Student and Staff Safety including but not limited to:  
Immigration Concerns and Student Well-being Concerns**

# Early Release Policy: Review and Group Activity

## Early Release Policy Review

## Early Release Group Activity

# Early Release Policy: Review

**Review:** California *Education Code (EC)* sections 8483(a)(i)(B) and 8483.1(a)(1) require grantees to develop a policy for the **reasonable early release** and late arrival of pupils from before and after school base programs **based on local needs**. Late arrival and early release policies allow students to arrive late or leave early for a variety of reasons, as developed by the grantee.

## Early Release/Late Arrival Implications for Programs:

- **After School Program** - Students are **not** required to stay the entire length of time in the after school program. A student signing in for any length of time can be counted for attendance.
- **Before School Program** – Students must arrive and attend **at least half** the daily program hours to be counted for attendance. Students who arrive after half the program hours can still attend the program (they just won't count for attendance).
- **Single Comprehensive Programs** - When implementing a single, comprehensive program with ELO-P, ASES and/or 21<sup>st</sup> CCLC, the program **must** implement Early Release and Late Arrival Policies as required by ASES and 21<sup>st</sup> CCLC.

# Early Release Policy: Group Activity

## Directions Part 1:

- As a Group, Review the Early Release Policy Document “Restricted Version” on the **Salmon** colored paper.
- Look for language that is “restrictive” in the Early Release Policy.
- Discuss how you would change the restrictive parts of the policy, what would you add, edit or update?

*Early Release and Attendance Policy  
(Exercise Document; Not Recommended for Program Use)*

**Purpose**  
California Education Code (EC) sections 8483(a)(i)(B) and 8483.1(a)(1) require grantees to develop a policy for the reasonable early release of pupils from after school programs based on local needs. Early Release policies allow students to leave early for a variety of reasons, as developed by the LEA/grantee.

**Requirements**  
In accordance with EC 8483 program requirements, ASER funded After School Programs must operate from dismissal until 6:00 p.m. and for a minimum of 15 hours per week. Students are required to attend the After School Program daily and stay until 6:00 p.m., unless the student leaves early under the Early Release Policy.

**Sign-Out Procedures:**

- The program's Sign-Out begins at 6:00 p.m. Any student leaving prior to 6:00 p.m. needs an Early Release form to be filled out.
- Only authorized adults/guardians may sign a student out. Adults must be 18 years or older and, on the emergency card.

**After School Early Release Policy**  
The following Early Release policy and codes are mandated by EC sections 8483(a)(i)(B) and 8483.1(a)(1). The program requires a documented reason for early release. The following are the specific reasons a student may sign-out of the program early per the CDE Late Arrival/Early Release guidance:

- A. Participation in school sponsored activities (athletics, band, team sports, Open House, etc.)
- B. Off-site enrichment programs
- A. Family emergency
- B. Medical appointment
- C. Transportation
- D. Child accident/injury
- E. Safety issues (examples: darkness ("Dark 30"), weather, etc.)
- F. Student health and wellbeing
- G. Other conditions (state reasons; example: Court Order Mandate (Court Order must be on file))

**Students with excessive Early Releases will be dismissed from the program to make room for students who can stay for the full length of the program.**

---

**Attendance Policy:**  
The EC states that it is the intent of the Legislature that elementary school and middle or junior high school students participate in the full day of the program every day in which students participate (EC 8483(a)(2)). Students must be in program everyday they attend school unless they have an excused absence.

**Absence Policy**  
Students absent from the program must have an absence form on file signed by the parent/guardian. The following are the allowable Excused Absences from the program:

- Health Reasons (documentation must be on file)
- Family Emergency
- Personal Reasons
- Religious reasons

**Students will be dismissed from the program after 5 unexcused absences. Students will be dismissed if there is an unacceptable pattern of program Excused Absences.**

# Early Release Policy: Group Activity

## Directions Part 2:

- As a Group, Review the Early Release Policy Document “Annotated Version” on **Light Blue** colored paper.
- Focus on the highlighted sections and italicized explanation.
- Discuss the Restrictions (highlighted) and the Restrictions Explained sections. Did the restrictions you identified align with the highlighted restrictions? Do the restriction explained sections add context to the reason for the restriction?

Early Release and Attendance Policy - Annotated Version  
(Exercise Document: Not Recommended for Program Use)

### Purpose

California Education Code (EC) sections 8483(a)(i)(B) and 8483.1(a)(1) require grantees to develop a policy for the reasonable early release of pupils from after school programs based on local needs. Early Release policies allow students to leave early for a variety of reasons, as developed by the LEA/grantee.

### Requirements

In accordance with EC 8483 program requirements, ASES funded After School Programs must operate from dismissal until 6:00 p.m. and for a minimum of 15 hours per week. **Students are required to attend the After School Program daily and stay until 6:00 p.m.**, unless the student leaves early under the Early Release Policy.

*Restriction explained: Students are not required to stay until 6:00 p.m. EC does not set a minimum amount of time a student must be in the program in to count them in attendance for the day.*

### Sign-Out Procedures:

- The program's Sign-Out process begins at 6:00 p.m. Any student leaving prior to 6:00 p.m. **needs an Early Release form to be filled out.**
- Only authorized adults/guardians may sign a student out. Adults must be 18 years or older and, **on the emergency, card.**

*Restriction explained: A strict 6:00 p.m. sign-out time does not give latitude to start the sign-out process earlier. A reasonable time to start the sign-out process is 5:50 p.m. where the Early Release reasons are not required.*

### After School Early Release Policy

The following Early Release policy and codes **are mandated by EC sections 8483(a)(i)(B) and 8483.1(a)(1).**

*Restriction explained: Early Release policy and codes are under local control.*

The program requires a documented reason for **an early** release. The following are the specific reasons a student may sign-out of the program early **per the CDE Late Arrival/Early Release guidance.**

*Restriction explained: The codes found in the CDE Late Arrival/Early Release Guidance are samples. Programs should develop Early Release reasons and codes that meet the program's needs at the local level.*

- A. Participation in school sponsored activities (athletics, band, team sports, Open House, etc.)
- B. Off-site enrichment programs
- A. Family emergency
- B. Medical appointment
- C. Transportation
- D. Child accident/injury
- E. Safety issues (examples: darkness ("Dark 30"), weather, etc.)
- F. Student health and wellbeing
- G. Other conditions (state reasons; example: Court Order Mandate (Court Order must be on file))

This document is for training purposes only. Early Release and Late Arrival Policies are under local control and should be developed and implemented in accordance to California Education Code (EC) sections 8483(a)(i)(B) and 8483.1(a)(1)

# Early Release Policy: Group Activity

## Directions Part 3:

- As a Group, Review the Early Release Clean Version on **Light Yellow** colored paper.
- Focus on the non-restrictive language that is highlighted.
- Discuss how your Early Release Policy compares to the Restricted and Non-Restricted samples, what works and what presents challenges for you in your current Early Release Policy?

### Early Release and Attendance Policy - Clean Version (Exercise Document: Sample Only)

#### Purpose

California Education Code (EC) sections 8483(a)(1)(B) and 8483.1(a)(1) require grantees to develop a policy for the reasonable early release of pupils from after school programs based on local needs. Early Release policies allow students to leave early for a variety of reasons, as developed by the LEA/grantee.

#### Requirements

- In accordance with EC 8483 program requirements, ASES funded After School Programs must operate from dismissal until 6:00 p.m. and for a minimum of 15 hours per week. Student daily attendance requirements are set by education code as follows, "It is the intent of the Legislature that students participate in the full day of the program every day during in which students participate, except when picked up early in accordance with the Early Release policy EC Section 8483.1(a)(1)"

#### Sign-Out Procedures:

- The program's Sign-Out process begins at 5:50 p.m. Early Release reason is not required after 5:50 p.m.
- Only authorized adults/guardians may sign a student out. Adults must be 18 years or older and, on the emergency card.

#### After School Early Release Policy

The following reasons/codes for Early Release give families flexibility for daily Early Release from the program. The program requires a documented reason for Early Release. The following are the specific reasons a student may sign-out prior to the close of the program:

- Participation in school sponsored activities (athletics, band, team sports, Open House, etc.)
- Off-site enrichment programs
- Family emergency
- Medical appointment
- Transportation
- Child accident/injury
- Safety issues (examples: darkness ("Dark 30"), weather, etc.)
- Student health and wellbeing
- Other conditions (state reasons; example: Court Order Mandate (Court Order must be on file))

Although the students are not required to stay until the end of the program, they receive the most benefit out of the program when they have consistent daily attendance and stay for the duration of the program.

NOTE: These policies are not required by the EC. However, if an LEA determines these are necessary, some considerations are listed below.

#### Attendance Policy

EC states that it is the intent of the Legislature that elementary school and middle or junior high school students participate in the full day of the program every day in which students participate (EC 8483[a][2]). Although the "intent" is that students participate in the full day, students are not required to stay the entire length of the program.

#### Absence Policy

For safety reasons, families should let the program staff know if a student will not be attending the program in advance.

This document is for training purposes only. Early Release and Late Arrival Policies are under local control and should be developed and implemented in accordance with California Education Code (EC) sections 8483(a)(1)(B) and 8483.1(a)(1)

# 2025: The First Full Year of Universal Transitional Kindergarten (UTK)

## Impact on Expanded Learning Programs

- **Increased Demand:** UTK expands enrollment, creating opportunities to engage students and families earlier.
- **Aligned Support:** Age-appropriate enrichment reinforces TK's developmental goals, ensuring continuity across school, afterschool, and summer.
- **Family Engagement:** Early engagement builds lasting trust with families, strengthening long-term relationships.
- **Workforce and Equity:** Expanding staff capacity to serve younger students supports program quality and equitable access to enrichment.

## Operational Requirements - Considerations for TK

- All 4-year-olds have Universal Access to TK starting in 2025
- ELO-P: Must Offer Access and Provide Access to all Eligible UPP students grades TK – 6<sup>th</sup> grade
- ELO-P: TK is not optional, and LEAs must meet all TK/K-6<sup>th</sup> grade requirements
- ASES/21<sup>st</sup> CCLC: Grades served TK-9<sup>th</sup>
- Transitioning Students: It is a local decision for programs to serve students transitioning into TK/K

**2025 marks a historic year:  
The first full statewide  
implementation of UTK!**

Expanded Learning programs can celebrate this moment as an opportunity to welcome more students, expand reach, and build bridges between school-day learning and enrichment.

# 2025: The First Full Year of Universal Transitional Kindergarten (UTK)

## [California's AB 130 \(2021\)](#)

- Universal Transitional Kindergarten (UTK) expands access to early learning by ensuring every 4-year old in California has the opportunity to attend a free, developmentally appropriate TK program.
- Rooted in state's vision for equity and early learning access, ensuring children enter school ready to learn.

## Why is UTK Important?

- Bridges early learning with the K-12 system, giving children more time to develop social-emotional and academic readiness skills.
- Expands opportunities for families who previously may not have had access to early education.
- Supports closing opportunity gaps before formal schooling begins.

## Curriculum Guidance

- Schools are required to align instruction with the [California Preschool/Transitional Kindergarten Learning Foundations \(PTKLF\)](#)
  - Describes the learning and development of most children ages three to five and half years old in high-quality early education programs.
- Ensures a cohesive continuum from early learning through kindergarten, with intentional supports for children's developmental needs.

# ELO-P Tier 2 ➡ Tier 1 LEAs: Audit Expectations

## UPP Rates

	FY 2024-25	FY 2025-26
Tier 1	LEA UPP: > 75%	LEA UPP: > 55%
Tier 2	LEA UPP: < 75%	LEA UPP: < 55%

FY 2025-26 Tier 2 to Tier 1 LEAs: *EC 46120 (c)(1)(B)* provides LEAs that are transitioning from Tier 2 to the Tier 1 rate with a growth period in 2025-26 to meet the “Offer Access” and “Provide Access” Requirements, which will be reviewed during the annual audit. In other words, the Tier 1 expectation will not be audited until 2026-27.

## “Offer Access” and “Provide Access” Audit Guide Expectations

# Attendance Reporting - CALPADS

## CALPADS EXPANDED LEARNING REPORTING

ASES | 21<sup>ST</sup> CCLC | 21<sup>ST</sup> CCLC ASSETS | ELO PROGRAM

### INTENTION

AB 1113 aims to capture data on students participating in all California Expanded Learning funded programs, with the purpose of understanding how often students are accessing the program. Starting FY 2025-26, Local Educational Agencies (LEAs) who are funded with Expanded Learning Program funding are required to report annual pupil enrollment and attendance each fiscal year. **This report does not replace existing Semi-Annual Attendance Reports for ASES, 21<sup>st</sup> CCLC or 21<sup>st</sup> CCLC - ASSETS.**

### DETAILS

Data will be submitted in the **NEW** Local Educational Agency Program (LEAP) file which will be based on LEA level data and not school site specific data. The LEAP file will include the following fields: Reporting LEA, Academic Year Identifier, Statewide Student Identifier, Local Student ID, **194 - Expanded Learning Program Code and Expanded Learning Program Days**. This reporting window will occur during the End-of-Year (EOY) submission cycle that opens in May and closes in July.

#### LEAP File Field 26.06

##### 194 - Expanded Learning Program Code

This field would be populated for an **"enrolled student"** in any Expanded Learning Program.

"Enrolled student" means a completed registration form signed by the parent or guardian is on file.

*Note: Start dates are not required.*

#### LEAP File Field 26.07

##### Expanded Learning Program Days

This field is populated for every **enrolled student** whether or not they attended an Expanded Learning Program within the Fiscal Year (July 1 - June 30). Students do not need to attend a specific amount of time in order to be counted as attended for the day. They could have attended five minutes or three hours, the day still counts. Additionally, if a student attended the morning and afternoon program, it still counts for only one day.

*Note: This field can be any number from 0 - 300.*

### POTENTIAL ERROR MESSAGES

According to the **CALPADS Update Flash #305**, the following are errors that may occur when completing the LEAP file. They could include, but are not limited to:

- Student not being enrolled in the LEA
- Student is not marked as enrolled in Expanded Learning but have Program Days accounted for
- Student is marked as enrolled in Expanded Learning but does not have Program Days accounted for
- Entering an amount of Program Days that is not an integer between 0-300

### FINAL STEPS

As part of the 2025-26 EOY submission, which occurs in July, LEAs will now certify the *Expanded Learning Program Participants - Count*; reviewing the total ELP Participant Count and total ELP Program Participant Days.

## Expanded Learning – ASES, 21<sup>st</sup> CCLC, 21<sup>st</sup> CCLC ASSETs and ELO-P

### Some General Reminders...

1. We appreciate your presence!
  - Attendance is important whenever possible for Region 11 events such as this Advisory Meeting and trainings
  - Do not delegate to subordinates, but invite them to attend with you
  - Important information and discussions are provided at these events
  - Absences can lead to a lack of knowledge about critical legal requirements and guidance
2. Please update your California School Directory information, if your superintendent or chief business officer is new.
  - Go to [CDE's School Directory](#)
  - Search for your school or district
  - Scroll near the bottom to find the "Request Data Update(s)" link
3. Grantees should keep your current contact information up-to-date in [ASSIST](#) to ensure you receive all necessary information and updates.

# CDE–EXLD Updates: California Budget

## 2025-26 Budget

The 2025–26 statewide budget for Expanded Learning was signed by the Governor on June 27, 2025. It includes \$515.1 million ongoing for the full implementation of the ELO-P program by increasing the number of elementary/middle schools that offer universal access to students, from all those in LEAs with an unduplicated pupil percentage of 75 percent to all those in LEAs with 55 percent unduplicated students.

# CDE–EXLD Updates: Audit Findings

## 2025–26 ASES and Expanded Learning Opportunities Program Audit Guide

Please be sure to review the [2025–2026 ASES and ELO-P Audit Guide](#), discuss with your Expanded Learning team and implement the steps required in the guide to avoid audit findings.

If you receive an audit finding from your annual independent auditor, immediately contact [Iyore Osamwonyi](#) or [Darrell Parsons](#) to make us aware.

We will discuss the finding(s) with you and can help you with next steps.

Please keep in mind there is a time limit on filing appeals for audit findings, so contact Iyore or Darrell immediately, if you receive notice of a finding. You can also CC the ELTAU staff.

# TK/K Events and Professional Development

For the Fiscal Year (FY) 2025-26, professional development opportunities for Transitional Kindergarten (TK) and Kindergarten (K) educators and practitioners will be organized into two complementary domains:

## The TK/K Learning Series and TK/K Exploration Sessions.

These two domains are designed to work together, much like the "lecture and laboratory" components of a traditional instructional curriculum, **blending theoretical knowledge with hands-on application.**

# TK/K Learning Series

The TK/K Learning Series serves as the foundational "lecture" component, offering structured learning sessions **online**, focused on understanding key frameworks, standards and best practices for creating intentional learning environments. **These sessions provide educators with the tools, strategies and insights they need to design high-quality, developmentally appropriate Expanded Learning programs for TK/K students.**

# TK/K Exploration Sessions

[TK/K Exploration Sessions](#) function as the "lab" component, providing **in-person** opportunities for educators to engage in interactive, practice-based experiences. These gatherings allow participants to test ideas, collaborate with peers, and explore how to bring the concepts learned in the Learning Series to life in real-world settings.
