lot of experience and
the whole material
was very
empowering."
Training participant,
February 2013*

*"I learned how to
teach the students to
be empowered and
use their positions as
students to help."
Training participant, March
2013*

NEW! eLearning

CalSAC is proud to announce the launch of **20 FREE eLearning** courses based on our most popular onsite trainings and made possible by the **California Department of Education**.

The **CalSAC Collaboration eLearning Environment**, developed in partnership with **Cypherworx**, provides the latest in eLearning courses for OST professionals. In addition to the **20 FREE CalSAC courses**, the full catalog includes hundreds of courses relevant to afterschool, summer, and school-age care. Visit www.calsac.org/e_learning to register and begin eLearning!

STEM with NPASS (National Partnership for Afterschool Science)

The NPASS program is designed to equip staff with a hands-on STEM curriculum and the confidence and competencies to deliver high quality inquiry based STEM learning for children and youth.

Training Series Includes:

- 3 STEM Trainings on 3 different STEM activities (3 hours each)
- 3 STEM Material Kits (one per activity)
- 1 onsite observation of STEM programming
- Ongoing technical assistance with a dedicated CalSAC trainer

English Learners

These trainings help to strengthen the capacity of staff to deliver high quality programming that meets the needs of English Learner children and youth. Trainings introduce participants to the factors beyond language fluency that affect the experience of English Learners in schools to gain a deeper understanding of who ELs are.

Training Modules (4 hours each):

- Knowing English Learners
- English Language Development, Academic Support, and Linkage to the School Day
- Healthy Cultural Identities and Engaging Families and Communities

Additional Services:

- Coaching and observation sessions

Job Readiness Training

This training series is designed to prepare NEW youth workers with the basic skills and core competencies of foundational youth development necessary to successfully begin working with children and youth.

Training Modules (2 hours each):

- New Youth Worker Core Competencies
- Building a Classroom Community
- Beyond Behavior Guidance
- Classroom Management 101

Bullying Prevention Training

This training series will help participants gain a common understanding of the problem, costs and roles of bullying as well as equip participants with strategies to prevent and intervene when bullying occurs.

Training Modules (2 hours each):

- Understanding the Problem of Bullying
- Understanding the Costs and Roles of Bullying
- Bullying Prevention and Intervention Strategies for Adults
- Bullying Prevention and Intervention Strategies for Children and Youth

Summer Programming

Summer planning starts now! This training series will help strengthen the capacity of programs to deliver high quality summer programming that meets the needs of children and youth. Staff will understand elements of high-quality programs and the process of continuous improvement to build strong summer programs

Training Modules:

- Tools for Effective Summer Programs Part I (4 hours)
- Tools for Effective Summer Programs Part II (3 hours)

Additional Services:

- Individual and staff team coaching sessions

² The Quality Summer Programming Series is provided in partnership with the David and Lucile Packard Foundation. These trainings were developed in partnership with the Summer Matters campaign.

PROMOTING CIVIC ENGAGEMENT IN THE OST FIELD

MAY 9-10, 2016

Last year, we celebrated 11 years of traveling to Sacramento to advocate for children and youth. Our annual CA Afterschool & Summer Challenge event has empowered communities from across California to share their stories of why afterschool and summer programming for youth matters. Over the years we have averaged 250 attendees annually from diverse parts of the state. Bringing together communities, some of whom are isolated through the year, creates magic. Our empowered participants, ranging in age from 5 to 95, begin to feel part of something larger; a collective voice for out-of-school time.

"We really matter and often times people want to listen to us and listen to our stories because we are the ones going through it."

"I feel more empowered to engage myself and my youth in the legislative process."

Get Involved!

1. **Register** for this event at www.calsac.org/get_involved/advocacy_challenge!
2. **Sponsor** the event! Contact Lupine at Ireppert@calsac.org or 510-444-4622x109
3. **Donate** to CalSAC
