

# CA Annual Afterschool & Summer Challenge

## PROMOTING CIVIC ENGAGEMENT IN THE OST FIELD MAY 9-10, 2016

Last year, we celebrated 11 years of traveling to Sacramento to advocate for children and youth. Our annual CA Afterschool & Summer Challenge event has empowered communities from across California to share their stories of why afterschool and summer programming for youth matters. Over the years we have averaged 250 attendees annually from diverse parts of the state. Bringing together communities, some of whom are isolated through the year, creates magic. Our empowered participants, ranging in age from 5 to 95, begin to feel part of something larger; a collective voice for out-of-school time.

*"We really matter and often times people want to listen to us and listen to our stories because we are the ones going through it."*

*"I feel more empowered to engage myself and my youth in the legislative process."*
