

Site Coordinator Newsletter

Tell us how you want us to reach your Site Coordinators

This year under our contract with Expanded Learning Division we are reaching out to Site Coordinators with a monthly newsletter that provides them with news on upcoming TA offerings geared for them; new resources they can use for their program; appropriate legislative updates, and much much more!

The Grantee Advisory Group (GAG) shared with us that some grantees/agencies may want their Grant Manager and/or Program Director to receive these and then send them on to Site Coordinators rather than us sending directly.

We respect that so please let us know which you prefer: CHECK THE OPTION THAT WORKS FOR YOU!

Option 1: send to me and I will see that Site Coordinators will receive it :

Option 2: send directly to our Site Coordinators [send me spreadsheet to complete so you have their email addresses:

My contact info please print

Name: _____

District/Charter/Agency: _____
