CAREER CONNECTIONS

WHAT IS CAREER CONNECTIONS

A data base of the local universities and colleges within Los Angeles County listing the university/college Career Center contact information; the career center web-site; where to post a job; if that university/college has a job fair and how to participate in the job fair.

HOW TO USE CAREER CONNECTIONS

- Download the excel file to your computer.
- Sort it by zip code, or by university/college name.
- Review the information provided.
- Open web pages for the university/college you are interested in advertising your job opening at.
- Create an account for that university/college, and post your job opportunities.
- Start your screening/interviewing/hiring process-based on the applicants received.
