

CalSAC eLearning Solutions

Quality programs rely on quality staff, but how can you ensure your staff has the knowledge and skills they need to provide the best care? Staff need training and support to fully understand their work and role, identify solutions to common problems, and grow skills to advance in their positions. No matter the barrier, accessibility to effective training can be difficult, which is why CalSAC has partnered with CypherWorx to create **CalSAC eLearning Solutions**, powered by CollaborNation.

CalSAC is offering a new eLearning subscription. Through the subscription, staff gain access to over **1000 hours of professional development for as little as \$35/year per person**, ensuring that both new and existing staff have the knowledge they need to contribute and thrive, making the greatest impact on the young people you serve.

BENEFITS OF CALSAC ELEARNING SOLUTIONS

SAVE TIME

Reduce the time your management team spends preparing and implementing in-person staff training by covering foundational youth development topics online.

SAVE MONEY

Training will have paid for itself in as few as 1 course, yet each learner will have access to hundreds of courses, worth thousands of dollars.

MOBILE READY

Provide training anywhere, at any time. All courses are mobile-compatible, for team members who want to use their tablets and phones to access training.

FLEXIBILITY

Learners advance at their own pace, and on their own schedule.

CONTINUED DEVELOPMENT

Express your program's commitment to continuous learning by making professional development available year-round to your staff.

TRACK CEUs

Many of the courses include a completion certificate and are eligible for Continuing Education Units (CEUs).

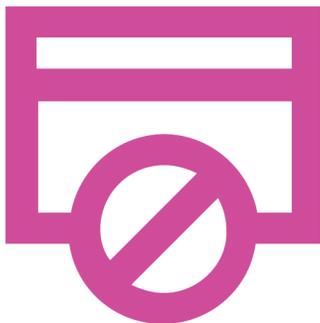

SOLUTIONS FOR PROFESSIONAL DEVELOPMENT CHALLENGES

NEW STAFF ORIENTATION

When it comes to training new staff, there often isn't enough time to cover all of the important topics. This causes a strain on those who don't feel fully prepared, and stretches managers, who struggle to teach staff additional topics on the job.

eLearning Solution:

eLearning courses can be assigned ahead of orientation, covering foundational youth development topics that you can then deepen and practice in person.

REQUIRED TRAINING BLOCKS ESSENTIAL TRAINING

Training required by a program or by law reduces the time available to cover important youth development or site-specific topics.

eLearning Solution:

Required training can be taken online, using pre-approved modules (such as sexual harassment training, child abuse training or bloodborne pathogens training), so in-person staff development can focus on program-specific needs.

SKILL BUILDING FOR ADVANCEMENT

Promotions are desired, but individual training isn't available to gain the skills or experience staff members need to take on greater responsibility.

eLearning Solution:

Unlimited, 24 hour access to eLearning allows team members to explore topics of their choosing on their own, building skills and leadership.

SPECIAL LIMITED TIME PRICING

Number of Learners	Regular per Learner Rate	Special Rate Until June 30
1-100	\$75	\$52.50
101-250	\$65	\$42.50
251-500	\$55	\$38.50
