WHY THIS ISSUE CAN'T WAIT

Statistics show that children who are not able to read at grade level by fourth grade are four times more likely not to graduate from high school, and this can contribute to a cycle of poverty.

OUR TRANSFORMATIVE SOLUTION

Results from multiple independent evaluations prove that Experience Corps leads to **significant reading gains** for students who have struggled with reading. Our volunteers connect to their community and rediscover purpose in their lives while children become great readers and escape the cycle of poverty.

TRAINING AND SUPPORT

Volunteers receive extensive training and staff support to enable them to successfully meet the children's needs.

COMPOUNDING THE BENEFITS

Experience Corps not only helps children become great readers but also helps volunteers become more fulfilled and lifts up schools and communities.

BRING EXPERIENCE CORPS TO YOUR COMMUNITY

We're working in close partnership with municipalities, community agencies, and school districts across the country to expand the program.
