Dear Expanded Learning Grantee:

## **2017–18 Annual Outcome-based Data Report for Evaluation and Continuous Quality Improvement**

The 2017–18 Annual Grantee Outcome-Based Data Report for Evaluation and Continuous Quality Improvement is due Thursday, **September 20, 2018**.

**Please read the full content of this email, as it contains important instructions for submitting this report.**

The 2017–18 Annual Grantee Outcome-Based Data Report for Evaluation and Continuous Quality Improvement (CQI) is a grant requirement for the After School Education and Safety (ASES) Program, the 21<sup>st</sup> Century Community Learning Centers (21<sup>st</sup> CCLC) Program, and the 21<sup>st</sup> Century High School After School Safety and Enrichment for Teens (ASSETs) Program. Failure to report this data will lead to grant termination per California *Education Code* Section 8483.7(a)(1)(A)(VI).

The Microsoft Excel workbooks used to complete these reports are attached to this email. One workbook is for 21<sup>st</sup> CCLC and ASES elementary/middle programs; the other workbook is for high school ASSETs programs. Each workbook includes **two tabs** for data input:

- Outcome Data for Evaluation
- Continuous Quality Improvement

### **What's new this year?**

The 2017–18 Outcome Data for Evaluation templates do **not** require regular school day attendance. As of May 2016, local educational agencies are required to submit student attendance data to the California Longitudinal Pupil Achievement Data System (CALPADS). (For more information, see CALPADS Update Flash #120 located at <https://www.cde.ca.gov/ds/sp/cl/calpadsupdf120.asp>). The Expanded Learning Division (EXLD) will be able to extract regular school day attendance from existing CALPADS records.

Also, this year in the 2017–18 Outcome Data for Evaluation templates, the EXLD will be collecting more detailed attendance data on After School Summer/Supplemental programs (specific only to 21<sup>st</sup> CCLC and ASES programs). California *Education Code* Section 8482.1(b) defines Summer/Supplemental programs as operating in excess of 180 regular school days or during any combination of summer, weekends, intersession, or vacation periods. In an effort to study the benefits of summer programs, it has become necessary to delineate between summer (May through August) and non-summer programs (September through April). The EXLD’s Summer Committee has defined true summer programs as taking place between the months of May and August. The 2017–18 Outcome Data for Evaluation workbook requires student attendance broken out by summer (May through August) and non-summer (September through April).

Since the fiscal year runs through the middle of summer on July 1 of every year, this year’s After School Summer/Supplemental report will require a student-level count from July 1, 2017, through August 30, 2017, combined with a count from May 1, 2018, through June 30, 2018.

Due to the short notice on this new requirement, we will offer grantees a one-year waiver upon request. To request a One-year Summer/Supplemental Waiver, please email your assigned regional consultant located on the System of Support for Expanded Learning Contacts web page at <https://www.cde.ca.gov/ls/ba/cp/regntwrkcontacts.asp> with a written justification.

## How to Submit your Report

The attached Excel workbooks require state student identifiers. To protect student-level personally identifiable information, you must use the following California Department of Education’s **exFiles** process to ensure your data is secure.

Please follow the submittal instructions below.

Access the exFiles File Transfer System located at <https://www3.cde.ca.gov/exfiles/index.aspx?pid=87>.

Enter the following information in this order:

- For **Project Code**, type *aspa*
- Click **Submit Code**
- For **Upload/Download Password**, type *2PeKS6ef* (case sensitive)
- Click **Submit Password**
- For **Description**, enter preparer’s name and email address
- For **File Encryption Password**, type *aspa1234*
- Under **File to Upload**, click **Browse** and select your completed Excel data file
- Click **Upload Files**

Note: If a message “**File to Upload file name required**” appears, click **Browse**, select the file again; click **Upload Files**.

This concludes the file uploading process.
