

Save Afterschool

PARENTS and FAMILIES: We need your help to save afterschool!

Just 5 minutes of your time could help protect your child's afterschool program.

FOLLOW THESE 3 EASY STEPS:

Text "AFTERSCHOOL" to 52886

You will immediately receive a reply text with a link to our easy-to-use action hub.

Take Action - Tweet, Call or Email

Tweet, call or email your local elected official to tell them why saving afterschool is important to your family and ask them to pass AB 1725. We make it so easy you will be surprised how quickly you can make a difference. Give us an extra 5 minutes and take all three actions to make the biggest impact.

Spread the Word

After taking action, you will receive a link to a program that will make it easy to spread the word to your friends to ask them to save afterschool. We'll help you reach out to those who can make the biggest impact.

Elected officials are in Sacramento to vote for what YOU care about, but they need to hear from YOU how important afterschool is to your family. We only have a few weeks to win this funding so please take action today.
