

6-3-19

I know we are getting down to the wire but I really need your help on 2 important items

1. ASES RATE INCREASE

Greetings Expanded Learning Colleagues,

WE need your HELP today! Please take this action and share this info with your staff, parents, partners, instructional day partners, community- this is the last CALL for action this year. The Assembly and the Senate Finance Committees have agreed programs need additional revenue but now they need to agree as to how much! Your ACTION is needed TODAY.

Last Chance to #SaveAfterschool

Your voice has been heard - both the California Assembly and Senate have recommended increased funding for afterschool programs. But we can't rest now: we have one last chance to tell the Legislature & Governor how important it is to save afterschool.

Please contact our state leaders and ask them to support increased funding for afterschool. It only takes a couple minutes to make a big impact for our children and families!

Please spread the word! Share this email with your friends, family and networks. For more information on our advocacy efforts, please visit the [advocacy page](#) on our website.

If you've already taken action by texting "afterschool" to 52886, please also text "LEADERS" and follow the prompts - you'll be contacting different representatives and sharing a different message. Thank you for your support!

2. Statewide Site Coordinator Survey: please click the link and take the survey-it will take 10 minutes or less

The [Site Coordinator Survey](#) is intended for Site Coordinators of ASES or 21st CCLC, including After School Safety and Enrichment for Teens, or ASSETs programs.

- A Site Coordinator is someone who oversees a program at one site and is responsible for the supervision of frontline staff.
- This survey is an annual survey and Site Coordinators may take the survey even if they've taken it in previous years.

Why take this survey?

- Ten Site Coordinators who take the Site Coordinator survey will be selected to win a \$25 Amazon Gift Card.

- Your participation will provide data to statewide and regional leaders, and the field at-large to inform efforts to support expanded learning programs.
- CAN and the CDE will be releasing a summary of the aggregate data gathered in this survey regionally and statewide.

Thanks in advance for your help on these 2 items!

MJ
