Understanding the IEP Document

A hands-on learning experience that allows families to better understand their own child's IEP. **Participants must bring a copy* of their child's IEP to the training.**

- Please bring a copy (not your original) of your child's IEP with you to the training.

Beyond SMART Goals

Participants will also learn how to ensure their child's IEP has goals that are not only appropriate and measurable, but also reasonable and logical. **Having appropriate, well-written goals is a defining feature of a solid, supportive IEP.**

This training will increase families' ability to fully participate in the goal-writing portion of the IEP.
